## WORLD'S FAIR.

History has recorded the acts and the results of the acts of man since the dawn of ages, but the methods, means and processes by which the acts and results were accomplished are all to be seen within the grounds of the World's Fair at St. Louis.

The United States Government building is now complete, and is the finest and one of the most interesting exhibits on the grounds. Each department of the government has a fine display, and the building is always full of sight-seers.

Upon entering the building from the front, the first thing to attract the eye will be the exhibit made by the Smithsonian Institution. Standing mounted upon pedestals is a group of animals, among them being the giraffe, rhinoceros, hippopotamus, black and polar bear and other animals with which we are more or less familiar. But here is one monster with which we are not familiar, and every one who sees this gigantic horned dinosaur standing on his pedestal looking just as he did in by gone ages, one usually exclaims: "I am glad this animal is extinct." There is also a cast of a whale, showing the whale just as he swam in the water, measuring 78 feet from the end of his nose to the tip of his tail. By the side of the cast of this whale is mounted the skeleton of a whale taken last year. This skeleton is complete, and weighs over five thousand pounds. The comment of visitors at the sight of this skeleton is to admit there "was plenty of room for Jonah."

The display of the War Department is very fine, and is made from the things in actual use by the War Department of the United States Government. The artillery display includes coast defense guns, Maxim rapid fire, Coles rapid fire, Gatling guns and mounted batteries. The great coast defense 78-inch gun, 60 feet long, and of weight so enormous that it is estimated by tons, is here. A mountain battery is mounted on mules, just like actual life. Standing beside the mules of the mountain battery is a piece of artillery with the horses harnessed, saddled and everything ready to move at the word of command. So lifelike do the horses appear, that while looking at them you expect them to move at any moment. There are several pack mules standing packed ready for an expedition

into the enemy's country with Uncle Sam's boys in blue. The War Department has on display all the kinds of weapons, battle flags and appliances used since the Government was formed, with portraits of the famous generals that have commanded our armies.

The Navy Department exhibit is extremely interesting and instructive to the landsman. Models of the famous warships of the United States, complete to the minutest detail, including all the ships from the Maine and Oregon to the last one placed in commission are shown, enclosed in glass cases, with all parts in view. The central attraction in the naval display is a warship with guns mounted and port holes open ready for action. The floor around the ship is painted to represent the sea. A door opening into the ship from the floor of the building which you enter at the bow. The interior is fitted up just like a ship in real life, with officers quarters, ward rooms, sick bays and other appliances that go with a ship; down below you see the boiler room, stokers, and everything like real life. In the bow, near the entrance, is a room containing a group of officers and men of the navy, from a Rear Admiral to a United States Marine, dressed in the uniform of their rank, and so life-like that you will have to take close second look to convince yourself that they are not alive and awaiting some word of command.

The Treasury Department has a complete exhibit, including the machinery used in the United States mint. The machinery used in the mint since the establishment of the government is shown from the small hand coining stamp to the powerful machine that coins millions of gold and silver every year.

In one corner of the building is a post office, fitted up in the latest and most approved style for handling mail. This postoffice is equipped for actual use during the Exposition, and handles the mail for the Exposition. It is known as Exposition Station, and free delivery from this station is made four times a day to all parts of the World's Fair grounds.

The Government Building is open to the public from 9 a. m. to 4 p. m. each day except Sunday, and everything in the building is free for public inspection. A whole day spent in this building is a liberal education, and in after years the visit to this section would be recalled as one of the most pleasant incidents of your stay at the truly great World's Fair.

## BUY BACK OLD PROPERTY.

Some years ago Capital Lodge, No. 6, I. O. O. F., became straitened in their finances, and, in order to pay off the bonds issued, when building Odd Fellows' Temple, sold the north end of that building to Mr. I. Davis. Since then they have been enabled, by good management, to get in good shape again.

On Tuesday they re-purchased the building from Mr. Davis, and now own the whole of it again. They are to be congratulated, as it is a good piece of property. The price, which is a good one, is private.

## FINED FOR ASSAULT.

Grant Trumbo was tried, on Tuesday, on a warrant charging him and one or two others with assaulting Wm. Luecke, the offense being committed on Sunday last. Trumbo was fined \$10 and costs and the other parties dismissed. It don't pay to throw eggs, etc., even at the humblest citizen.

## CONTRACT AWARDED.

Mr. J. Will Graham has been awarded the contract for the interior woodwork of the Southern Presbyterian Church, which is to be very handsome and will be made of quartered oak.

When completed it will be one of the prettiest churches in this section of the country.

## BULLY BOYS.

We desire to congratulate the Frankfort Cornet Band upon a success which they made in the music furnished by them. They are as good a band as any in the State and held their own any time, even with the famous "Sinfith" band, of Cincinnati. Bully boys.

Who can not stand the shocking strain of laxatives and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by J. W. Gayle.

## ELECTED BISHOP.

Rev. Jno. G. Murray, D. D., of Baltimore, Md., has been elected Bishop of Louisville, by the Episcopal Convention, which met in Hopkinsville this week. He is said to be an able and consecrated preacher.

Former Jailor Martin Lawrence was held up, in Lexington, on Friday night, and robbed of some \$30, smashed over the head inflicting a gash some three inches long. Lawrence claims to be able to identify the robbers, and that he gave one of them something to remember him by in the way of a blow.

## NOMINATED FOR RE-ELECTION.

After one of the hottest fights ever seen in this Congressional District Congressman South Trimble was re-nominated, on Friday evening, by the skin of his teeth, receiving 53 votes to 51 for his opponents.

Rumors of all sorts of deals are rife, some of which are admitted and others denied.

## PARTIALLY PARALYZED.

It is with sincere regret that we learn that Dr. Wm. H. Averill, the veteran druggist, sustained a partial stroke of paralysis on Sunday night last. Dr. Averill has been a poor health for some time. He is a good man and valuable citizen and will be greatly missed should he finally succumb.

## SPOKE HERE.

## THOSE OLD DIRTY AWNINGS.

A lady manager of the Civic League has called our attention to the old, soiled and dilapidated awnings that so many of our business men are using in front of their establishments. Would it not be a good idea for them to have a new and clean awning put up? They certainly add to the attractiveness of a business house.

## FRANKFORT BUSINESS DIRECTORY.

Messrs. Moses O'Connor and Edgar F. Suter have issued a prospectus announcing their purpose to shortly publish a business directory for our city. This is a much needed enterprise, as no such directory has been put out since 1892. We hope these gentlemen will meet with abundant encouragement.

## NOT A SICK DAY SINCE.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters, and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility. This is what I used. His F. Bass, of Fremont, N. C. writes. Only 50c, at all druggists."

## MISTAKEN IDENTITY.

Not a great while ago, our kinsman, Mr. W. J. Lewis, was traveling on the railroad, when a gentleman, who had been "looking upon the wine when it is red," spying him, in a car full of gentlemen and ladies, insisted that he was the Hon. Chaney M. Depew, Senator from New York, and well known after-dinner orator, insisted upon his addressing the crowd.

Mr. Lewis, whose modesty is well known, tried in vain to convince the gentleman that he was mistaken in his man. He exclaiming "you needn't deny it. You can't fool me. I know you are Mr. Depew."

While Mr. Lewis does resemble Mr. Depew, he blushingly disclaims being an orator.

## ARM BROKEN.

Master Geo. T. Stagg, Jr., son of Mr. Thos. H. Stagg, was playing upon a slanting plank, a foot or so above the ground, on Monday, when he slipped and fell breaking his right arm just above the elbow. It was a clean break and the surgeon, Dr. —, had but little trouble in reducing the fracture. He is doing nicely and will soon be all right.

**DOWNWARD COURSE.**  
Fast Being Realized by Frankfort People.

A little backache at first. Daily increasing till the back is lame and weak.

Utiary disorders quickly follow. Diabetes and finally Bright's disease.

This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Frankfort citizen.

Mrs. Amanda Dean, of 18, Taylor Ave., wife of J. T. Dean, boatman, says: "While I did not personally use Doan's Kidney Pills, I can highly recommend them for the great relief they afforded my eldest daughter, who has always suffered more or less from a weak back ever since a child. On account of this condition it was almost impossible for her at times to lift anything. Accompanying this there was a difficulty with the kidneys which was very annoying and distressing. I learned about Doan's Kidney Pills and procured them for her at J. W. Gayle's drug store. She took them as directed and they helped her in every way. Her back felt very much better and stronger and the difficulty with the kidney secretions was much improved. My youngest daughter complained a great deal of her back hurting her too. I gave her Doan's Kidney Pills and the trouble in her case, as well, were most satisfactory."

### DEATH OF CHAS. FEATHERSTON, ESQ.

This fine old Kentucky gentleman, who has been ill so long, "passed over the river" on yesterday morning, aged about 81 years. Mr. Featherston was born and raised in this county, and had spent the larger part of his long and earnest life in this city.

He was a devoted Christian, and had been, for many long years, a member of the First Baptist Church of this city. Faithful, earnest, manly and true-hearted, he scorned deceit and was everywhere known for his upright, honest and consistent life. Fearless and independent in thought and action, he was ready to stand for what he thought to be right, regardless of consequences, yet, at the same time, modest and retiring in disposition.

He was a gallant soldier in the Mexican war, being one of the very few left in our city who followed the starry flag to the halls of the Montezuma.

Having known "in whom he believed," when the last summons came, he was not afraid, for his weary head was pillowed on "the everlasting arms."

We have known and loved Mr. Featherston all our life, and we cherished his regard as a priceless thing.

Mr. Featherston was twice married. By his first wife he had one daughter, Mrs. Ann Mary Stephens, of Celina, O. His second wife was Miss Jennie Hodges, a daughter of the late Rev. Frank H. Hodges, of blessed memory, but they had no children.

He leaves a large circle of relatives and friends to mourn the loss of a sincere and honest man, a devoted husband and father, and a trusty friend.

The funeral services will be conducted from the family residence, on Holmes street, on Sunday afternoon, at 3 o'clock, by Rev. M. B. Adams, his pastor.

Mrs. McEnnis was a modest, retiring and lovable lady. She was born in Pennsylvania, but had been a resident of this city for some twenty or thirty years.

She leaves three sons (Wm. B., Chas. L., and J. I. McEnnis) and two daughters (Mrs. Con. A. and Mrs. Chas. D. Nelson), to mourn her death.

The funeral services were conducted by Rev. Wm. Crowe, from the residence, on Thursday afternoon at 3 o'clock. Messrs. F. H. Haft, H. G. Matten, W. H. Jeffries, D. Scheitinger, W. W. Howell and Robert Nicol, were pall-bearers.

**CROCKETT**—At Bridgeton, on Thursday, Mrs. Kate Jenkins Crockett, wife of Mr. Coleman Crockett, aged about 35 years.

Mrs. Crockett was a devoted and active member of the Christian Church. She leaves a husband, two sons, one daughter, one sister and two others to mourn her untimely death.

The funeral services were conducted by Rev. George Darsie, yesterday afternoon, from the Bridgeport Christian Church, and the remains interred in our cemetery.

### ADMIRAL DEWEY AND GENERAL MILES TALK.

The annual meeting of the General Court of the Order of the Founders and Patriots of America was held in the Governor's Room of the City Hall, in New York, Friday, on the 27th anniversary of the settlement of Jamestown. Governor General Colonel Ralph Earl Prime presided.

Admiral George Dewey was elected Governor General. At the dinner Governor Robert B. Roosevelt, of the State Society, presided. In a brief address Admiral Dewey said in part:

"I don't know as we have any better navy than we had before, but we have better tools than we had a few years ago. Of course, the newspapers will say we have not, but, take my word for it, we have the best ships and the best officers and the best men in the whole world. As to the enlisted men especially we are getting the cream of the world, and with such men, ready and eager to fight, the other nations are going to let us alone. And in a few years to come the American people are going to have the very best navy in the world—not for aggression, but to protect our rights."

General Miles, speaking in praise of the American soldier, said:

"It has been my privilege to see most of the armies of the world. I have studied the armies of Japan and China and the soldiers of Russia. The success in the East today of the soldiers of the Mikado is due to their wonderful skill, the faithful performance of their duties and their remarkable enterprise. The Russian soldier is courageous in saying his prayers before going into battle and the same thing may be said of the soldiers of the Sultan, and I have found that on the battlefield it's the fighting and not the praying that wins."

"Of all the armies of the world ours seems to differ in that the men are serving for a principle. Our men seem to feel that they are working for a free people—a republic, in which every man is a sovereign and every woman's a superior of a sovereign."

### DAUGHTERS OF CONFEDERACY.

The members of the Joseph H. Lewis Chapter, U. D. C., are requested to assemble in called meeting at the residence of Mrs. E. L. Samuel, Saturday, May 23, at 3 p. m. Business of importance.

### JACKSONVILLE.

Farm work is progressing fairly well. Corn planting over and preparation for tobacco is the next item on the program. The high prices of the past few weeks have caused the people to renew their labors and try and raise a large crop.

Health moderately fair. Not many on sick list. Among the number are the following: Mrs. Jane Moore, we are sorry to report, on the sick list. Mrs. Taylor Terhune, who has been stopping at Mr. Geo. Bright's for some time, is indisposed at present.

Mr. Morgan Moore, who has been on the sick list for some time, is improved a little.

Among the happenings are the following: Mr. Pierce Stivers and his mother, Mrs. Lige Hopper, were on their way home from Frankfort Monday evening, when the young man got out of the buggy to walk up a hill. When he went to get in again the horse, for some cause unknown, started to run away. Mrs. Hopper, by the help of her son, got out of the buggy, but received some painful, but not serious injuries. The horse ran some distance and left the vehicle demolished.

Among the visitors are the following: Mr. Jeff Poole, wife and daughter, of Ballardsville, were the guests of Mr. Henry Skelton and family Saturday and Sunday.

Mr. Murrell Moore and Mr. Leonard Moore visited friends in Washington county the past week. Mrs. Margaret Jones, of Ballardsville, is the guest of her daughter, Mrs. W. B. Moore.

Several from this county attended the Conclave at Frankfort Wednesday.

We learn that Mr. Taylor Terhune, who has been temporarily located here for some time, has purchased a location at or near Bridgeport, and will go there and permanently locate.

Mr. W. B. Moore, wife and son were the guests of their son, Mr. Luther, near Midway Saturday, Sunday and Monday last.

Weep not, Merrill, if the loved one goes to parts unknown. Seek consolation for your troubled heart elsewhere. We would suggest that you take your guitar and wander to other fields of labor.

I appeal to some one for a solution of this item. The writer found in a discussed stove pipe a bird's nest, completely made of nails interwoven and lined to perfection. Who can solve the facts? We wonder at the ingenuity and bawdy work of man, but where is the construction of man that can beat this.

Mr. J. H. Miles is the mail carrier on route No. 1. The jolly fellow, here he comes, rain or shine. He is always here in time with a bow and pleasant smile plodding the weary miles away. Hurrah for John.

Mr. J. W. Moore, wife and two daughters, of South Louisville, are the guests of his parents, Mr. W.

B. and Mrs. Bettie Moore, this week. Mr. J. W. Moore is an employee of the L. & N. R. R.

### A Beautiful Piece of Work

Mr. B. A. Smith, of Louisville, has on exhibition in the corner window at Howard Johnson's Pool Room, a plaster model of the proposed New Capital Building. It presents a handsome appearance, and is a real work of art which will have to be seen to be fully appreciated. It is made on a scale of 1-8 of an inch to the foot. The work has been viewed by many of our citizens and all are delighted with its appearance. Step around and take a look at it while it is on exhibition and you will be well repaid for your trouble.

### DOESN'T RESPECT OLD AGE.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation, all yield to this perfect pill. 25c at all druggists.

### "DO IT TO-DAY."

The time - when inunction, "Never put off till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day." That is the terse advice we want to give you about hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day - and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure - as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

## GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition. If you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 50c. At all druggists.

## ALL BEDBUGS DOOMED

IT IS OFTEN DIFFICULT to tell how bedbugs arrive at many places where they are found, for even the most careful housewife is apt, sooner or later, to discover these troublesome pests in her home. Every bug is doomed, however, if . . .

be used. This splendid preparation searches out every spot where bugs lurk or deposit their eggs. Positively destroys the latter and puts the bugs on the run or kills them on the spot. ## CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overrated. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made easier by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that it is the cause of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 50c. At all druggists.

Frankfort, Kentucky.

A Physician Cures His Wife Of

## CONSUMPTION.

One of the leading physicians of the State of Kentucky writes, under the date of October 29, 1903, of the remarkable cure which the Dr. Stevens' East India Consumption Cure made for his wife.

"DR. STEVENS-NOYES:

"DEAR SIR:—My wife and I cannot say enough in behalf of your Remedy. Two years ago last spring my wife was confined to her bed. I did all I could for her, and also had four of my best brother physicians called in to attend her. They pronounced her case Consumption, and hopeless. Her lungs were badly diseased, and large abscesses were fast destroying what remained of them. At this time she was so weak that she could hardly speak above a whisper. She also suffered terribly from profuse night sweats. It required every effort on my part to keep her alive.

"I tried everything that I could think of, or my friends recommend, but my efforts were all in vain. The Dr. Stevens' East India Consumption Cure was strongly recommended to me. I determined to make another attempt to find a cure for her, and immediately commenced the use of your Remedy, following the rules explicitly. It is with gratitude that I add that it was but a few weeks before a decided improvement in her symptoms followed, and to-day she is enjoying better health than she has had since childhood. The fact that she has recently passed a rigid examination for life insurance and emphasis to this statement.

"Although I am a practicing physician and have never been an advocate of patent or proprietary medicines, yet I believe that the Dr. Stevens' East India Consumption Cure should have its powerful tonic and curative qualities made known in every reasonable way. The fact that it has restored my wife to her former health and saved her to her family after fourteen years of suspense and sickness, causes me to feel that it is a duty which I owe to other sufferers to make this acknowledgment of the wonderful cure which this Remedy made in my wife's case.

"I feel that I must request you to withhold my name, but you may feel at liberty to refer anyone to me who wishes to make further inquiry regarding your treatment for Consumption, etc."

The Dr. Stevens' East India Consumption Cure is put up in packages lasting one month. The price for single package is \$4.00. No free sample. Thirty years of careful test and over one hundred thousand grateful patients prove its positive value in all diseases of the lungs, catarrh of the chest, nervous diseases, etc.

For a Remedy and full information, symptom blanks, etc., apply to

#### "THE FIRE'S OUT."

In accordance with previous arrangements the J. E. M. Milling Co. shut down their big mill on Thursday night. So soon as the flour, etc., ground up can be gotten out of the way, the plant will be dismantled and the machinery carried to Lexington. Some thirty people are thrown out of employment and thousands of dollars lost to our merchants.

That's the enterprise and go-ahead that will invite new manufacturers here with a vengeance.

#### GRACEFULLY DONE.

Frankfort Lodge, No. 539, B. P. O. Elks, did the graceful thing by keeping open house for their brethren of the Knights Templar, during the Conclave, and especially in the handsome entertainment and reception of Thursday afternoon from 4 to 6 o'clock.

These jolly good fellows know how to do the right thing.

#### A RUNAWAY BICYCLE.

Terminated with an ugly cut on the leg of J. B. Ober, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c at all druggists.

#### STAMPING GROUND.

Mr. F. C. Turner has gone to Indiana, with a view to locating there.

Mr. J. W. Palmer, who is the wool-buyer for Davis & Co., received some 60,000 pounds, for which he paid 23 cents. It was good grade.

Capt. Shuchair Johnson, of Ghent, visited his son, Albert, this week. He went to Frankfort Saturday and spent the day with his sister, Mrs. Sallie A. Jones.

The frost of Saturday night was very light, and no damage was done, although the thermometer dropped to 40 degrees.

Owing to the cold weather, the tobacco plants are growing very slowly. There is some complaint also of destruction by some insect not yet known what. This will make setting somewhat later than usual.

Corn planters are about through, and some of the earlier planters have a good stand of the grain.

Rev. G. W. Hill, the new Baptist pastor, has moved his family into the parsonage, and is comfortably fixed. He commenced his pastoral duties under very favorable auspices last Sunday. Large congregations greeted him both morning and night, and he gave them two good, sound sermons.

Quite a number of our citizens went to Frankfort Wednesday to attend the Grand Commandery of Knights Templar parade. They

were much pleased with the affair.

Our farmers are through shearing their sheep and have realized good prices for their wool. UNO.

#### ATTENTION, VISITORS TO WORLD'S FAIR.

Those who intend to visit the World's Fair, in the near future, should, before going, drop a line to Mr. Geo. L. Garrott, Louisville, who will give them invaluable information in regard to a good location for stopping during their visit. He can place you in one of the most pleasant places in that city.

#### FROM HOT TO COLD.

Dysentery is prevalent everywhere in summer and is due to miasmatic poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America the disease is common, but properly treated does not result as seriously as in the tropics. Perry Davis' Painkiller is the best known remedy and the most efficacious in the treatment of dysentery.
